Dr. Flowers,

Thank you very much for your
fine artistic touch with my recent
cosmetic surgery. You cannot possibly
imagine all the many compliments I
have received from teachers, principals
and friends. I proudly walk about
sharing your "signature" of one of
the islands finest cosmetic surgeons!

All my very best to you as you
perform many more artistic work.
I know that I will be more confident
about the way I look even at my age.

Mahalo for all that you have done
and still do for all of us!

Sincerely,

Jean
